

# Council Goals

(decentralized mechanism to support the goals and enforce the SolarCoin principles)

---

## Why it exists

1. Support & enforce the [SolarCoin Principles](#)
2. Help guide local strategy and needs for tools resources etc.
3. Decentralize to act locally
4. Provide CRM for KYC/D/E (Know Your Customer/Device/Energy) integrity audit procedures
5. Grow, educate and learn about customer needs at the edges
6. Resolve disputes among affiliates, claimants and foundation

## Who is the SolarCoin council

The Solarcoin foundation and affiliates who have successfully granted accounts and/or met other conditions agreed by the council over time

## When council meets

Meetings as needed (likely once a month)

## Where meeting are held

virtually

## What the Council Does

1. Drop / add new affiliates
2. Evolve best practices and standard of behavior
3. Ensure compliance with local regulations
4. Oversee Audit process of KYC/D/E data
5. Spend allocate portion of the NDF (Network Development Fee)
6. Determine penalties for fraud etc.
7. Random Round Robin Cross affiliate audits. This would happen 6 monthly.

## How it operates

1. Formal meetings monthly
2. Informal communications on best practice etc. affiliate slack / telegram etc.
3. Each affiliate has 1 vote. Each founder has 1 vote.
4. Standing committees
